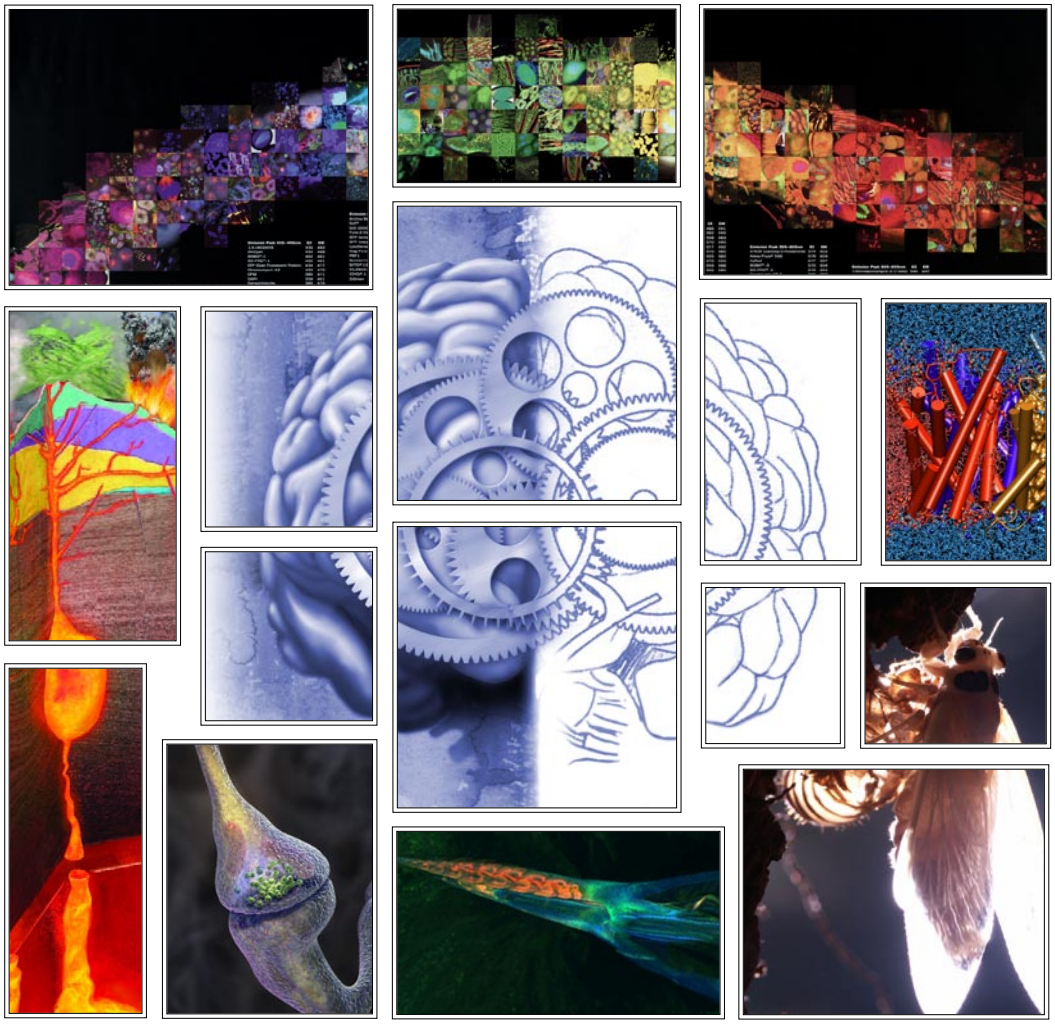
# VISUALIZATION CHALLENGE

# CALL FOR ENTRIES



## SCIENCE AND ENGINEERING'S MOST POWERFUL STATEMENTS ARE NOT MADE FROM WORDS ALONE

When the left brain collaborates with the right brain, science emerges with art to enhance communication and understanding of research results—illustrating concepts, depicting phenomena, drawing conclusions.

The National Science Foundation and *Science*, published by the American Association for the Advancement of Science, invite you to participate in the fourth annual Science and Engineering Visualization Challenge. The competition recognizes scientists, engineers, visualization specialists, and artists for producing or commissioning innovative work in visual communication.

## ENTRY DEADLINE: MAY 31, 2006

**Award categories:** Photographs, Illustrations, Interactive Media, Non-Interactive Media and Informational Graphics. Winners in each category will be published in the September 22, 2006 issue of *Science* Magazine and *Science* Online and displayed on the NSF website.
