

Roy J. Shlemon Scholarship Fund for Engineering Geology

Roy J. Shlemon Meeting Awards

are given to graduate and undergraduate students to encourage participation in field trips and short courses held at annual and sectional meetings. Participation on field trips is especially encouraged. The only criteria are that you must be a student member of the Engineering Geology Division of GSA and making satisfactory progress toward your degree. In the event that requests for awards exceed available funding, requests for attending field trips will be given preference over requests for short courses.

To join the Division, contact GSA at gsaservice@geosociety.org or 1-888-443-4472; or go to <http://www.geosociety.org/sectdiv> and click on "Join a Division."

Fill out the attached form, have a professor in your department sign it, and then send it in. You will be notified about two months in advance of the meeting if an award is made. An award will pay for meeting registration and the attendance fee for short courses and/or field trips. Transportation, room, and board must be provided by the student. Unused awards or portions thereof must be returned.

You may apply for more than one field trip and/or short course per meeting and more than one meeting per year. If you are attending the annual meeting, please join us at the Division's annual luncheon (see application). Please send in your application for the meeting you plan to attend by the appropriate deadline listed below.

Section Meetings - at least five weeks before the meeting
Annual Meeting - August 1, 2008

For information concerning the Awards Program check the Engineering Geology Division web site at <http://rock.geosociety.org/egd/index.html> or contact Robert A. Larson at ralarson1@dslextrême.com.

The form below may be printed out and filled in on a typewriter, where appropriate, or filled out in Adobe Reader and printed. Please note that you cannot save the filled out form in Adobe Reader.
