18–20 September 2006  
Longmont, Colorado

# Managing Drought and Water Scarcity in Vulnerable Environments

*Creating a Roadmap for Change in the United States*

## KEY DATES 2006

Early Registration ends: 31 MAY  
Abstracts Deadline: 26 JUNE  
Cancellation Deadline: 21 AUGUST  
Online Registration closes: 14 SEPT.  
Meeting Dates: 18-20 SEPT.

*Registration limited to 250.*

Drought-related impacts can be expected to increase in intensity in the twenty-first century as human population increases and land uses change.

This participatory conference will evaluate current drought-related problems and anticipate future issues.
