

RISE Liaison Training

The Geological Society of America (GSA) is committed to providing a professional environment at all of our events as set forth in the [Events Code of Conduct](#) (“Events Code”) and reinforced through our pledge to provide Respectful, Inclusive Scientific Events (RISE).

Role of Section Leaders

As GSA Section leaders, you play an important role in keeping GSA meetings safe and professional. We aim to have at least 2 Section leaders, who have been trained in RISE, in attendance at each Section meeting. To that end, we ask that each Section designate at least 2 individuals to serve as RISE Liaisons and have them:

- Complete the RISE Liaison training before the next GSA Section Meeting you may be attending. (The training is available on demand via the web, it takes less than an hour, and it will help you understand more about your role.) Click on the following link to access the training: <https://attendee.gotowebinar.com/register/851622733588586754>
- Wear a RISE badge at large GSA events, e.g. Annual Meetings and Section Meetings, after you have been trained.
