

On To the Future Professional Development Pathways Orientation

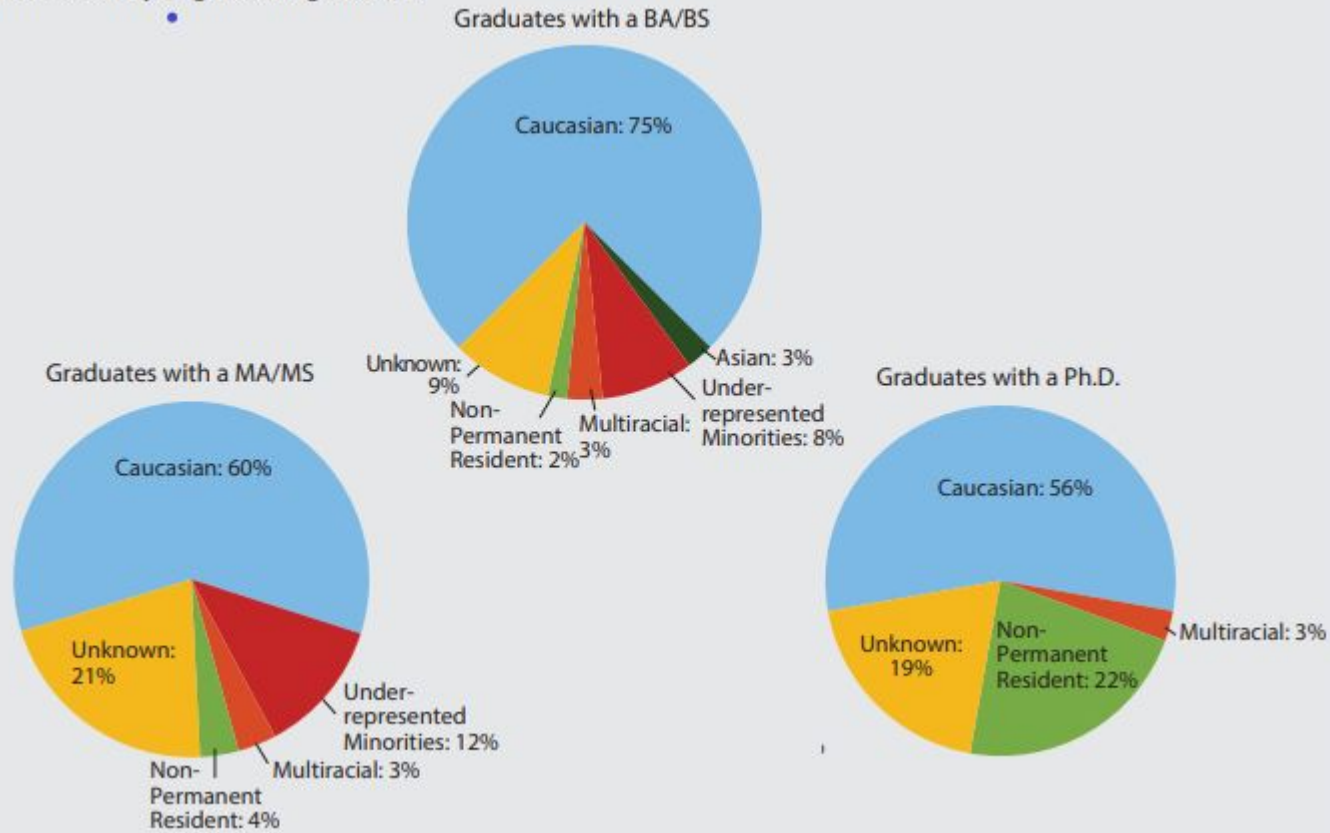

30 September 2020

What are we going to do today?

- Introductions
 - Name, school, what was the weirdest thing you've ever eaten?
Would you eat it again?
- Data on diversity in the geosciences
- Professional development project goals
- Scope of work fall and winter
- Questions

Race/ethnicity of graduating students

GSA Membership Race/Ethnicity 2013

Professional Development Pathways Project

This has all been adapted virtually due to COVID

Goal: Collaborate with On To the Future program to provide professional development skills to students that employers value.

- Workshop at the GSA Annual Meeting - Internship Applications and Cover Letters
- Workshop at GSA Section Meeting - Cover letter and Resume/CVs

NSF I-USE GEOPATHS
Award 1801569, University of Arkansas
